Menu Choice Suggestions

All the dishes on my menu are suitable for home freezing, so you can choose to stock up for convenient meals at a later date. Most of the meals serve four - you can decide how you want the dishes portioning: individually, for two or for four. For those with smaller appetites, the meal could be split into smaller portions.

There is a minimum order charge of £25.00 and please allow at least 24 hours for delivery (I need to shop as well as cook!).

Here are some ideas for tasty combinations of dishes!
